

- COFFEE SHOP-PORTFOLIO Tabletop Inspiration for Cafè & Caffee Shops

As consumers love of speciality coffee, premium tea and brunch continues to grow we turn to the humble local café or coffee shop as a meeting space for all occasions.

In urban areas coffee shops aren't just refreshment pitstops, they're community spaces for business meetings, freelance workers and society meets.

The café experience is changing and growing along with the way we drink coffee and tea. Innovations in speciality coffee continue as independent roasters and baristas pursue perfection and tea moves from an inexpensive, everyday drink to a premium tipple.

Sustainability is a core topic for the hospitality industry and cafés are leading the way, working collaboratively to reduce waste, promote societal well being and support the local areas.

PREMIUM TEA

Tea is served as a crafted beverage, hailed with heath attributes and seen as a luxury indulgence. The premiumisation of tea sees creative loose leaf blends, botanical and natural flavours or spices

from tumeric, cumin and more. The humble English Breakfast teabag now competes against exotic fusions of quality leafs, served brewed to perfection in stylish cups and teapots.

SOMETHING SWEET

Displays of freshly baked pastries and cakes, heaped on coffee shop counters serve to tempt customers into treating themselves to something sweet. Made locally and daily, cafés serve up baked goods just as artisan and crafted as their coffee. Special diets are catered for with gluten free and vegan options, and desserts are made a little healthier with natural sugars and sweeteners.
